### THE WAR

With the world still engaged in the greatest war holocaust of all times, with blood still running as freely as water in a geyser portion of the civilized world, with large armies massacred at strategic points, the big question in the minds of all peace-loving people is, "When will it end?" Specifically, the question is, "Is Germany failing?" It is generally believed in this country that the end is in sight, it is hoped that with the collapse of Germany Japan can be liquidated in a matter of a year or two.

While we are still on the conservative side of that question, it is interesting to note that the history of 1918 is being somewhat paralleled in 1943. For instance, Germany's submarine campaign has failed just as it did in 1918. There is almost an uninterrupted flow of American-made machines of war and men into Europe just as in the early part of 1918. Today Russians are in less than 100 miles of Rumania. The Balkans are showing evidence of deserting Germany just as Germany's satellites deserted her in 1918. Turkey, Hungary, and Finland show evidences of departure from their previous stands. Undoubtedly little Finland would be glad today to make peace with Russia. Turkey continues to evidence an intention to join the Allies even in spite of the loss of Leros by the Brush. But even more impressive are the continuous Russian gains.

On the other hand, due to the fact that Germany can now draw food from its conquered territory she is in a much better position on the food front than she was in 1918. Again, there is little evidence of a crack in the German morale and as prevailed in the early fall of 1918. This in spite of the fact that German cities and German non-combatants are suffering from the greatest rain of death from the air that any people have ever sustained.

It will be remembered that it was the home front that collapsed on Kaiser Wilhelm; but today in spite of their suffering the German people are so completely under the domination of Hitler and his Gestapo that fear prevents any show of weakening of the German people. Hitler, foreseeing the possibility of another revolution by the people such as the Kaiser experienced, has tightened his grip so cleverly and successfully that there is no evidence at this time of such a collapse.

Also, Hitler and the German people have been forewarned so many times by Churchill, Roosevelt, and others that they "cannot expect to get off as lightly as Kaiser Wilhelm and the German people in 1918 did that they are reluctant to give in. Moreover, Hitler in his recent speech, warning his people of these things, told them in no uncertain terms what they might expect should the German home front collapse. In that same speech he issued what was equivalent to a proclamation of death for all Germans who revolted or weakened in the effort to fight to the bitter end.

Of course there is always the hope that the Nazi leaders, realizing what will happen to them if the fight goes on to the bitter end, may scarcely plan and carry out a revolt against Hitler. Self-preservation is still the first law of nature, and the self-styled "supermen" of Germany are no exceptions to that law. If the going continues to be tough the command who control the destiny of our armed forces believe that German generals may yet overthrow Hitler and deal with the Allies in a

### Applicants For Original Drivers License Must Take Examination

Colonel J. R. Gilroy, Commissioner of Public Safety, announces that beginning November 15, 1943, every person securing an original drivers license must take an examination from a Drivers License Examiner.

Due to the great number of new drivers, the Mississippi Highway Patrol has worked out a system whereby every applicant for an original drivers license will be required to take a rigid examination before a license may be secured.

A school was conducted for the Mississippi Highway Patrol by the National Safety Council in which there were fourteen Patrolmen receiving diplomas as Drivers License Examiners. These examiners will issue drivers license for the entire state.

A schedule will be set up where an examiner will be in a town on a specific date at a specific time. Persons interested in securing an original drivers license are requested to watch their local papers for the time, place and date that these examiners will be in their locality.

An applicant will be requested to take a written examination, oral test, an eye test and a driving test. The applicant finishing these tests with at least 70% will be issued a drivers license. All others will be failed and given a Drivers Hand Book so that at the next examination date, they will be better prepared to qualify for a drivers license.

The help and cooperation of the Mississippi Highway Patrol and by the Drivers License Examiners. Please make arrangements to be at one of the testing stations should you need an original Mississippi Drivers License.

Investiture Ceremonies For Girl Scout Troop No. 2 Held Monday Evening

Investiture ceremonies for Girl Scout Troop No. 2 were held at St. Joseph Academy on Monday evening with Sister Grace scout leader in charge.

The program opened with the troop singing "Girl Scouts Togethers." Then the troop gave the Pledge of Allegiance and the Welcome Address was given by Thelma Namais.

Mr. Lucien Gex addressed the troop on "Scouting" its value as a character builder as well as a body builder.

"Scouting is Fun" an original talk was given by Jackie Quintini and the tenderfoot requirements were explained by Patsy Gex.

Father Gmelch presented the Girl Scout pins to the following girls: Ann Baird, Betty Benvenuti, Naomi Gutierrez, Betty Jane Vassalli, Noelie Dick, Sue Ellis, Betty Lasiter, Cecil McCabe, Beverly Praetorius, Juanita Smith, Carolyn Walker and Joyce Toups.

Explanation of the Girl Scout Promise was given by Virgil Dick and the Promise was given by the troop. The Girl Scout Laws were explained by the Tenderfoot Scouts and Violet Capdepon gave the Scout Motto. The song "Girl Scouts Are We" was sung by the troop.

Father Gmelch gave cards to the following committee of ladies: Mesdames A. G. Favre, L. M. Gex, Leo Ford and Miss Louise Armstrong.

He also awarded the Troop certificate to the Troop and individual certificates to each of the 40 members of the troop.

Second class badges were explained by Mary Jane Green and Rev. Father Gmelch awarded badges to the following girls: Carol Carver and Sylvia Ladner, Design and Glass badges to each; Virgil Dick, Bibliophile, Child Care and Home Health; Patsy Gex, Swimming; Thelma Namais, Garden Flower, Home Health, Child Care and Swimming; Jackie Quintini, Minstrel, Troop Dramatics, Design and Color Craft; Rita and Margaret Boh and Mary Jane Green, second class badges and glass; Violet Capdepon, Child Care, Public Safety, Drawing and Painting.

The program closed with the singing of the Star Spangled Banner and Mrs. Marie Weber accompanied the singers.

Hope to save their own skins. A Germany, seeing its chief weapon of submarine warfare fail, its armies being continuously driven back on the Russian front, its cities being razed by Allied air power, its casualty lists mounting by the hundreds of thousands, realizing the ever-present possibility of an invasion across the English Channel and the consequent opening of a western front, may collapse without notice. The Germans must realize that the end is but a question of time. But the Allied strategists are not engaging in any wishful thinking. They are planning, they are attacking, they are massing their armories on the theory that Germany may fight on for many more years. They are wisely preparing for the worst. Those in high command who control the destiny of our armed forces believe that Germany is not yet beaten.

Of course there is always the hope that the Nazi leaders, realizing what will happen to them if the fight goes on to the bitter end, may scarcely plan and carry out a revolt against Hitler. Self-preservation is still the first law of nature, and the self-styled "supermen" of Germany are no exceptions to that law. If the going continues to be tough the command who control the destiny of our armed forces believe that Germany is not yet beaten.

### Presents Pupils in Variety Program

Miss Dorothy Durham, instructor in drama at Bay High School presented her pupils in a variety program at the assembly period on Friday of last week.

Miss Durham said she went shopping for talent and found some that took part in the seventh and eighth grades and the program was a well done piece of work.

The stage setting represented the 500 club of the Big 5 and unique signs were here and there creating lots of laughs. A special seat was arranged for Mr. S. J. Ingram with the "Bosses Box" and Mr. Ingram was given a buttonhole of satin ribbon in the school colors.

Each member on the program was worthwhile and all were provoking.

Laura Ann Starita represented a St. Louis woman and sang "St. Louis Blues" and Catherine Garriga followed with "Pistol Packin' Mama," both of which brought forth loud applause.

Odel Bennet gave a vocal number and accompanied himself on his guitar which was well rendered.

Louis Mogabeg as Lazy Bones kept Jack Bourgeois, Andrew Grey and Clois Pucheu busy fanning him and administering to him in general.

Audrey Biehl, who sang Shortin' Bread and Joy Starita who sang Paper Dolls were "Broadway Hits."

Viebin in talent with Ginger Rogers were Virginia Seal and Gaynel Gex doing a jitter bug which was applauded loudly.

Noel Robinson gave evidence of Birmingham talent when she sang "Murder He Says," which was followed by Betty Ruth Johnston who pleased the audience with her rendition of "Why Don't You Fall in Love With Me?"

Nancy Winslow, a newcomer at the school, sang a Spanish song which was well given and received many complimentary comments.

The "Dark Town Strutters Ball" closed the program and was received with laughter and applause.

Edward Porter, president student activities was master of ceremonies and never lost his dignity.

Mrs. Natalie Watson, head of the English Department of Bay High accompanied the singers.

### AWARDED TO CITY COMMISSIONER H. GRADY PERKINS

City Commissioner H. Grady Perkins is the recipient of the above certificate from the District Air Raid Warning Service of the Office of Civilian Defense, in recognition for his services to the New Orleans District Civil Air Raid Warning Service, under which Bay St. Louis and Hancock County operate.

Commissioner Perkins has been very active and is one of the leaders in the Air Raid Warning Service and is largely responsible for the maintenance of a successful unit in Bay St. Louis.

### HARNETT KANE TO REVIEW HIS LATEST BOOK HERE TUESDAY

On Tuesday, November 30 at 3:15 p.m. at the Episcopal Parish House the library board of the Bay Saint Louis-Hancock County Library will offer to the public Harnett Kane in a review of his latest book "The Bayous of Louisiana."

This is a rare privilege and it is hoped that there will be a large attendance. It is not often that you have the opportunity of hearing an author review his own book.

The Bayous of Louisiana is now going into its Third Printing, within only six weeks of publication. It went into a second printing before publication, when all copies were sold or pledged in advance of publication.

HARNETT KANE

For five consecutive weeks it has been on the National Best Seller list of the New York Times, the most authoritative book popularity barometer in America. It has been acclaimed by critics throughout the country as one of the most interesting books of the year. Two movie companies are interested in movie rights.

Mr. Kane's first book was "Louisiana Hayride" which broke all Louisiana records and was also a national best seller. His second book, "The Bayous of Louisiana," has been an even more striking success. It has in turn broken all Louisiana book records, which had been made by "Louisiana Hayride."

In two weeks more copies of "The Bayous of Louisiana" were sold than were sold of the Hayride in two years.

Mr. Kane is a native Louisianian, a lifelong resident of the state and one who has been recognized as one of the foremost interpreters of Southern life.

The funeral was held from the residence of Mr. and Mrs. Whitfield, Sr.

Survivors are J. B. Whitfield and Mrs. G. C. Brown, DeQuincy, La.; Mrs. Chas. Beyer, Palmetto, La.; W. A. Whitfield, Jr., Shreveport, La.; Miss Rita Whitfield, Logtown, Miss., and Sam Whitfield, Bay St. Louis, Miss., aunt of Roland Welch, U. S. Army, who was at home on furlough at the time the death occurred and Leslie Welch of the U. S. Army.

Funeral was held from the residence of Mr. and Mrs. Whitfield, Sr. on Friday, November 19th, at 2:30 p.m. Interment in Corinth cemetery with the Rev. Polk officiating. Pallbearers were Russell Lott, Emile Koch, Roy Baxter, Sr., Horatio Givens, Waldo Otis, C. W. Fountain, Sr.

The funeral was very large and there were worlds of flowers.

It is hard to pay just tribute to a woman of the outstanding qualities and attributes possessed by Mrs. Whitfield. Her home was open to all who came and her hearthstone glowed with the cheer of genuine hospitality. Her generous heart shared with those who came within her home. She bore her own burden of courage, faith and hope and when the end came "sustained and soothed" by an unfaltering trust approached her grave like one who wraps the drapery of his couch about him, lies down to pleasant dreams."

It was the pleasure and privilege of the writer to have been one of her countless friends, who knew her in her home and who knew the two young grand-nephews whom she raised and then gave to her country. One, Roland Welch who has done overseas duty was with her when she died but the other Leslie Welch who still on foreign soil.

She sleeps beneath a great wealth of floral offerings laid at her bier by loving hands from loving hearts bearing mute testimony of the general love borne her. And so has passed one of God's good women.

The Echo extends to the family deep sympathy in the loss of their mother.

Herbert James Betzer Dies in New Orleans

Died in New Orleans on Tuesday morning at 1:03 o'clock at Hotel Dieu Herbert James Betzer in his 45th year late of 415 Valmont street.

Funeral was held on Wednesday from the House of Bulman at 3 p.m. with interment in Metairie Cemetery at St. Henry Church, New Orleans.

He is survived by his wife the former Miss Edna Mary Ernst and two brothers Emmet L. and Oswald Betzer, Jr.

Mr. Emmett Betzer is a resident of this city for the past several years and the Echo joins his friends in expressing sympathy to him in the loss of his brother.

### THANKSGIVING

THE people of the United States, deeply religious if not ostentatious, express their fundamental belief in the goodness of Almighty God by observing, amidst war, their annual Thanksgiving Day.

It is not only an official holiday but a national day of the people who return reverent thanks to the Supreme Being for the blessings that have been showered upon them.

No one overlooks the stern struggle that confronts the nation or the grief that battle losses will present. No one fails to recognize the hardships that abound throughout life or the disappointments that constantly beset the soul of man.

Despite these trials, common to all people, the average American thanks an omnipresent God for the mercies and blessings that he knows, has attended him, his people and his nation. Thanksgiving Day gives visible sign to everlasting optimism sustained by a knowledge of preponderant favors enjoyed.

Naturally, our great concern is the safety of millions of Americans engaged in unavoidable warfare. Nearly every American family is represented in the armed services by loved ones whose fate is a source of incessant concern. Even so, as a people we must acknowledge many woes that we have escaped as compared with brave, helpless peoples, caught in the misery of enemy invasion and entrapped by the ruthless conqueror.

Our crops have been abundant, yielding food and feeds in unprecedented volume. As individuals we retain our freedoms and proclaim our unfettered personality. We speak and live as we please and, by consent, share some of the burdens associated with the home front in war.

There is every reason for all people, who believe in God, to turn reverently toward Him on this Thanksgiving Day and publicly express thanks for the Divine goodness which has brought us blessings and benedictions.

### HITLER'S NERVE

HITLER declares that he will not lose his nerve.

Mussolini, we recall, was also confident that he would not lose his nerve.

We do not know what happened to Il Duce's nerve but we do know that he lost his country.

The same thing will happen to Adolf.

### ALL WARSHIP LOSSES ANNOUNCED

THE Japanese are having a good time broadcasting claims of many American ships sunk around Bougainville and the yarns are going over big in Japan.

Secretary Knox's denial will not reach the people of the enemy country but it is just as well that the head of the Navy has taken occasion to assert that all losses of warships have been reported by the U. S. Navy.

There are always people in this country ready to believe that, maybe after all, Tokyo is telling the truth and our officials are delaying an official announcement for strategic reasons.

The Navy announced the loss of four destroyers last week and Secretary Knox is on record that these announcements cover all losses of warships suffered in the war.

### TIME TO CUT PULPWOOD

THE War Manpower Commission urges farmers to cut pulpwood during the next few months, an off-season on the farm, and thus help the nation secure an adequate supply of pulpwood products.

The Bureau of Agricultural Economics reports that on November first 10,698,000 persons were working on American farms. If any large number of these workers heed the suggestion of the WMC the pulp problem of the nation will be solved.

James F. Byrnes, director of war mobilization, reports that munitions plants already have had to shut down for lack of paper containers to ship their ammunitions output.

Incidentally, farm laborers may transfer to pulpwood cutting for six weeks without obtaining a certificate of availability from the War Manpower Commission. For longer periods local draft boards must approve but, once this is obtained, the draft deferred status of the worker will not be affected.

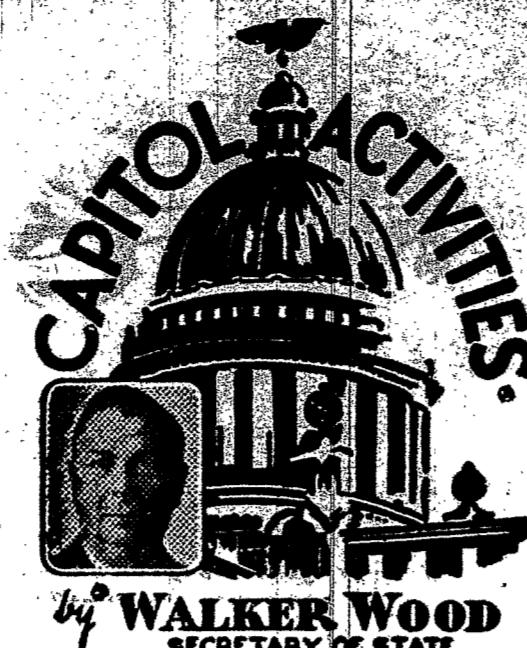

Well, there's one good thing: Tiny tots in America can look for Santa Claus as usual on December 24th, without knowing what is happening across the seas.

When you regulate Americans, war or no war, you make them displeased and they will grumble.

Collegians who were shouting "hold that line" a few years ago are holding the line for the nation now.

Critics of youth forget that boys and girls become adults after being trained and educated by their elders.

If the boys at the front get their turkey it ought to be easy for some of us at home to get along without the bird.

M. F. F. B. Holds Meeting

The Mississippi Farm Federation Bureau held its annual meeting in Jackson last week, and was attended by delegates from nearly all of the counties in the state. Ransom Aldrich was re-elected president of the organization. A number of prominent speakers appeared on the program, among them being former Ambassador to Japan, Joseph C. ### Soldiers' Salaries

A full general wears four stars and receives a base salary of \$8,000 annually. A Lieutenant-General wears

Technical Sergeant, \$114.00; Staff Sergeant, \$96.00; Private, First-Class \$54.00; Buck Private, \$50.00. The salaries mentioned herein are "base pay" and may vary on account of long service or maybe other services, but are not lower than the figures mentioned.

### Demonstration "Tree Farms"

The Mississippi Forestry Chemical Association, with headquarters in Jackson, is planning to institute some demonstration "tree farms" in the state, in order to interest and encourage farmers in the matter of rebuilding the forests of this State, at least in part. The plan is to plant out and cultivate trees much as corn would be cultivated. This experiment will prove whether it will be worth while to engage generally in tree farming. Timber has played a big part in the financial life of Mississippi, and the careless handling of fire and the reckless ruthless slaughter of trees has reduced the forest to a low ebb. Conservation and reforestation must be the watch word if our timber is to come back.

### 2,232 Commissions

The Secretary of State is busy now making up the 2,232 commissions to be sent out to the officers elected in the recent election. When these commissions are made up they will be sent to the respective chancery clerks, who will give them out to the proper incoming officials. Commissions for County Officials, including all county district officials, such as supervisor, justice of the peace, constable, etc., all for that county, will be sent in bulk to the Chancery Clerk for distribution to the proper persons.

Every day armies of servicemen move in a never-ending line throughout the Gulf South. At nearly every stop, at railroad stations and bus terminals, these men in uniform are met by friendly volunteer workers who are ready to serve coffee and doughnuts, to answer questions, mail letters, and to help in the thousand and one other ways that mean so much to a soldier away from home.

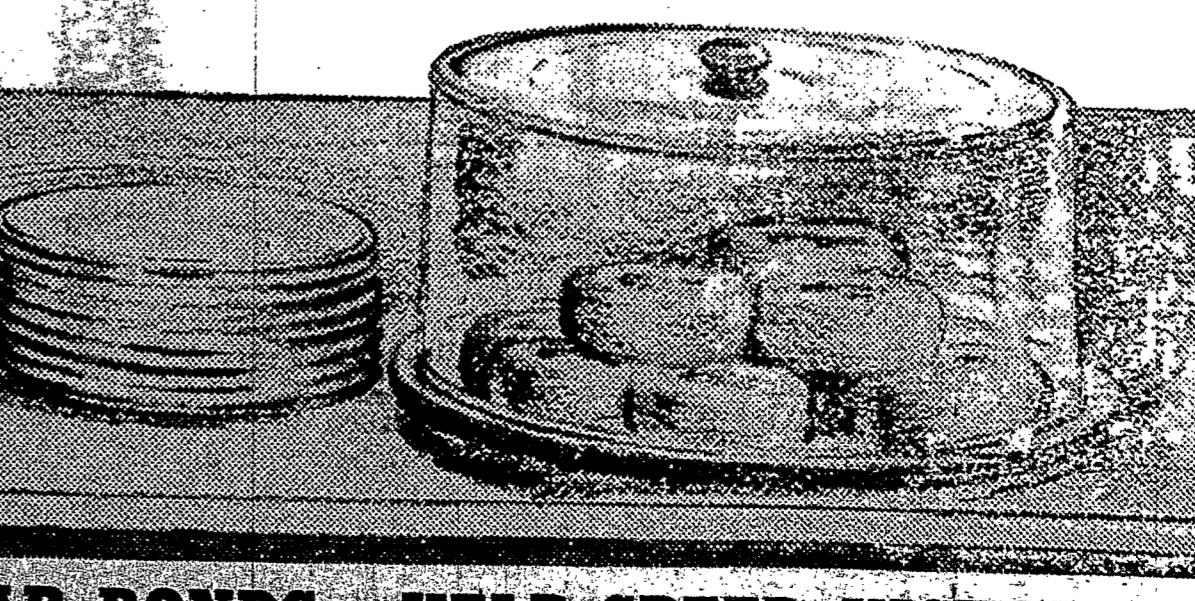

In the small hours of morning or after a hard day of house work these volunteers give unselfishly of their time. They feel that any sacrifice of theirs is small if it makes life a little easier for thousands of sons, husbands and friends who are giving up the comforts of home to fight for Victory.

We recognize the valuable service rendered to our fighting men by the Red Cross and other organizations . . . appreciate the helping hand that America's volunteer workers daily extend to the more than 800 United men in uniform.

PFC. HORACE SMITH

Pfc. Horace Smith has been in service since September, 1941 and has been overseas for the past 13 months. He is the son of Mr. Dill Smith, of Bay St. Louis.

people. Addressing a federal grand jury at Raleigh, Judge I. M. Meekins asserted that "if we didn't have the OPA, in all probability there would be chaos and we might lose the war on account of inflation."

In sentencing two violators to the penitentiary and imposing heavy fines on two others, Judge Johnson Hayes said at Winston-Salem: "I know of nothing more important than to see that the OPA regulations are observed."

It is possible that many mistakes have been made in the administration of OPA. It would be miraculous were it otherwise, for price control and enforced limitation of purchase are in principle antagonistic to all we have believed and practiced in a free economy.

Furthermore, OPA has encountered the resistance of every one of the millions of persons who want higher prices for what they produce while all other prices are held static. And the resistance of millions, when it takes form in public attack and in pressure action, can become a powerful and destructive force.

OPA needs understanding; it needs the support of public opinion in order that it may continue to save us from domestic disaster. It is well that two such distinguished jurists as those of North Carolina have spoken a word in its behalf.—The Atlanta Journal.

Gas Rationing Simplified

All B and C gasoline coupons issued after Dec. 1 will be worth five gallons each, compared with the present value of two gallons. Coupons issued before Dec. 1, however, will continue to have a value to two gallons each.

The result of this change an OPA announcement said, will be to save thousands of hours in time in local rationing boards and to give motorists a coupon whose value is the same as the usual 5-gallon purchase.

In the future, B and C Books will contain fewer coupons but each coupon will be good for more gas. No increase in the amount of gasoline allowed is involved, however.

More Stoves Available

Dealers and distributors of rationed stoves in Mississippi have been permitted to increase their inventories by OPA to meet the greater demand resulting from larger stove quotas assigned to local rationing boards.

Fertilizer Prices

OPA has set dollars-and-cents top prices for every grade of mixed fertilizer whose manufacturer and sale is permitted by the War Food Administration, but no changes of great importance are involved.

At the same time, OPA wiped out inequalities between various grades and between various sellers of fertilizer.

Defending OPA

Amid the chorus of complaining and criticizing it is pleasing to hear sensible words spoken about the OPA and the administration's seemingly thankless effort to hold down the price of living for the American

## BOGART STARRED IN "SAHARA" AT A. & G. SUNDAY AND MONDAY

As Yank Commander—Epic Drama of Desert War

Humphrey Bogart is a screen star who is always welcome in this or any town, and we can't think of a better entertainment news than to report the fact that he is coming here to the A. & G. Theatre Sunday and Monday in Columbia's drama of desert warfare, "Sahara" as a two-fisted tough tank commander who is the leader of a little group of Allied fighters in the treacherous desert in North Africa. In this, Bogart, is said to give a performance that is of the same dramatic calibre as his fine work in "Casablanca" and "Action in the North Atlantic."

The cast of the picture, which was directed by Zoltan Korda, lists several names that lead us to expect colorful performances all around.

Topped by Bruce Bennett, Lloyd Bridges and J. Carroll Naish, there are also that fine negro actor Rex Ingram, Louis T. Mercier, Dan Duryea, Richard Nugent, Patrick O'Moore, Carl Harbord, Guy Kingsford, Kurt Krueger, John Wengraf and Hans Schumann. The only "heroine" in the story is Lulubelle, a twenty-eight-ton tank who, so like a woman, is the pride of Sergeant Gunn's (Humphrey Bogart's) life, even though her unpredictable nature drives him to profanity now and then. Lulubelle, according to advance reports, is quite a personality in this new dramatic film. She shelters, to the best of her ability in a scorching desert, the brave Allied fighters who have been stranded and who struggle to survive under ghastly circumstances.

For that is what the story unfolds. It is a true-to-life recording of a thrilling episode in the Allied struggle to gain supremacy in North Africa. Becoming detached from their regiment during a battle, Sergeant Gunn and two of his assistants find themselves alone in a disheartening waste of burning desert.

They have Lulubelle, but very little food or water, and their ebbing physical strength is bolstered only by indomitable courage. Along the way they come across other Allied stragglers and an Italian prisoner, and all together they go through a life and death struggle that reaches a climactic episode that is said to be dramatic dynamite.

All in all "Sahara" sounds like one of those pictures that you must see when it comes to the A. & G.

Theatre.

Supervisors' Court, August 1943, Term

STATE OF MISSISSIPPI  
HANCOCK COUNTY

This day came on to be considered by the Board of Supervisors of Hancock County, Mississippi, the matter of assessment of personal property for the year 1943, and it appearing affirmatively to this board that Geo. L. Cuevas, Tax Assessor of said county, has completed the assessment of the personal property for said year and filed the roll with this Board of Supervisors, as required by law; that said assessment roll, and the assessments therein contained, were examined and equalized as required by law, and that such equalization was completed more than ten days prior to the meeting, held for the purpose of hearing objections to the said assessments, taking testimony of witnesses, and examining books, records, and papers with reference to the assessment of property; that it has made such changes in the assessments (as fixed by it on the said roll) at its August, 1943, meeting, that it was satisfied should be made to fix the assessment of personal property, at its actual value so as to establish equality and uniformity of taxation according to value among the taxpayers of said county, and that all objections to the said assessment roll, and the assessments therein contained, have been heard and disposed of; that this Board of Supervisors has added to the said roll all property and persons found to be omitted therefrom, and has given notice to such persons and has heard and determined all objections filed; and that this Board has changed and corrected all erroneous assessments; that all things required by law have been done; that the Tax Assessor of said County attending this meeting of the Board of Supervisors, from day to day, while it was considering the assessments of persons and property, and hearing objections to the said assessments, and that he rendered all assistance which his knowledge and information enabled him to give; and now being of the opinion that the said assessment roll contains assessments fair, equal, uniform and just, accord-

### PUBLIC NOTICE

To The Public and Taxpayers of Hancock County, Mississippi:

You are hereby notified that the personal property assessment roll, or the above named county, for the year 1943, has been equalized according to law, and that said roll, or any assessment therein contained, shall be made in writing and filed with the clerk of the Board of Supervisors of said county, on or before the First Monday of August, 1944, at his office in the Courthouse of said county, and that all assessments to which no objections are then and there made, will be finally approved by said Board of Supervisors and that all assessments to which objections are made, and which may be corrected and properly determined by said Board, will be made final by said Board of Supervisors; and that,

1. This Board will be in session, for the purpose of hearing objections to the said assessments which may be filed, at the Courthouse in the City of Bay St. Louis, said county and state on the 2nd day of August, 1943, and

2. This Board of Supervisors will remain in session from day to day until all objections, lawfully filed, have been disposed of and all proper corrections made in the said roll.

Witness the signature and seal of the Board of Supervisors this the 21st day of July, 1943.

THE BOARD OF SUPERVISORS  
OF HANCOCK COUNTY

By Chas. B. Murphy, President,  
A. G. Favre, Clerk.

And this Board now finds that said notice was posted and published as it ordered, and as required by law.

That this Board of Supervisors met, for the purpose of hearing objections to the said assessments, at the Courthouse, in the City of Bay St. Louis, said County and State, on the 2nd day of August, 1943, and

That this Board of Supervisors continued in session from day to day hearing objections to the said assessments, taking testimony of witnesses, and examining books, records, and papers with reference to the assessment of property; that it has made such changes in the assessments (as fixed by it on the said roll) at its August, 1943, meeting, that it was satisfied should be made to fix the assessment of personal property, at its actual value so as to establish equality and uniformity of taxation according to value among the taxpayers of said county, and that all objections to the said assessment roll, and the assessments therein contained, have been heard and disposed of; that this Board of Supervisors has added to the said roll all property and persons found to be omitted therefrom, and has given notice to such persons and has heard and determined all objections filed; and that this Board has changed and corrected all erroneous assessments; that all things required by law have been done; that the Tax Assessor of said County attending this meeting of the Board of Supervisors, from day to day, while it was considering the assessments of persons and property, and hearing objections to the said assessments, and that he rendered all assistance which his knowledge and information enabled him to give; and now being of the opinion that the said assessment roll contains assessments fair, equal, uniform and just, accord-
